

Cosmotherm® LT Pipeless™ Hydrotherapy Tub

WITH CHROMOTHERAPY

Cosmotherm® LT Pipeless™ Hydrotherapy System incorporates digital control technology via an illuminating, water-proof control panel that can be set at the touch of a finger. Bright blue LED lights on keypad indicate status of all functions, the therapist simply selects the desired function/s. Seventeen precisely positioned air jets provide clients a phenomenal enhanced hydrotherapy treatment experience. Overall tub size prompts convenient installation in restricted spaces. Water temperature gauge measures degrees in Fahrenheit and Centigrade.

Pipeless™
technology

- 17 Air Jet System
- 6 Powerful Pipeless™ Hydrotherapy Jets
- Minimal Down-Time Between Clients
- Digital Key Pad for Easy Control
- Anti-microbe Air Jet System
- Easy Read LED Lights on Keypad
- Removable Hydrotherapy Jets
- Easy, Safe and Hygienic Sanitation
- Meets UL, CE, CSA Safety Standards

Cosmotherm® LT Pipeless™ Hydrotherapy Tub

WITH CHROMOTHERAPY

Through the use of innovative Pipeless™ technology, the Cosmotherm® Pipeless™ Hydrotherapy System can be thoroughly and conveniently sanitized between uses, effectively controlling bacteria and micro-organism growth responsible for contamination issues prevalent in traditional "piped" hydrotherapy equipment. In addition to its superior hygienic benefits, this Pipeless™ technology greatly reduces noise from water turbulence normally associated with standard piped systems. As a result, the Cosmotherm® LT Hydrotherapy System features Whisper-Soft Sound Technology, creating a more relaxing and enjoyable experience for guests and therapists alike.

Sanitize in 4 Easy Steps

TECHNICAL SPECIFICATIONS

EQUIPMENT, MATERIALS & CONTROLS

Material:

Shell: Acrylic Non-porous reinforced with Fiberglass.

Base and Access Panels:

Fiberglass with gel-coat finish.

Frame:

One inch square steel with powder coated finish.

Color:

Bone

Dimensions:

Base: 84 1/2" (217 cm) L x 46" (118 cm) W x 34" (87 cm) H

Weight:

390 lbs empty

Electrical Requirements:

200v-240v - 50/60Hz - 20amp

Water Supply:

Fresh Water Connections:

.75" (19.1mm) Hot & Cold "hose" thread.

Sanitary Drain Connections:

1.5" (38mm) PVC

Water Jets:

Six (6) Pipeless™ pump assemblies.

Air Pump:

Heated air supply with 17 air port jets within water area.

Features:

- All Operating Functions controlled from Single Keypad
- Bright Blue LED Lights on Keypad indicate status of Functions.
- Powerful, 17 Air Jet System delivers Heated Air to the body.
- Anti-Microbe Air System kills bacteria.
- Six powerful Hydrotherapy Jets provide two Speed Jet Pump Force.
- Removable Hydrotherapy Jets can be thoroughly and conveniently sanitized between uses.
- Water Temperature Gauge measures degrees Fahrenheit and Centigrade.

Safety Standards:

UL (USA), CSA (CANADA), CE (EUROPE) Certified

Warranty:

Two Year Parts

(See manufacturer's limited warranty for details)
